No flag but the Old Flag—the Red White and Blue
With the stars of Union unbroken and true!

Whose blood [illegible] the banner your [illegible] must save

MONDAY MORNING, JULY 25 1864

**NATIONAL UNION NOMINATIONS.**

For President,

Of Illinois

ANDREW JOHNSON,
Of Tennessee

For Presidential Electors,
GEORGE L WOODS of Wasco County,
H N GEORGE of Linn County
J F GATLEY of Douglas County

## The Sympathy Dodge

Every copperhead editor in the Union has had his "say" upon the "high handed outrage" of President Lincoln in suppressing the *World* and *Journal of Commerce* New York newspapers Some of them have not uttered the full measure of their virtuous indignation, because our language is too meagre to express the colossal proportions of their swelling ire Those who could have been willing to forgive our "abject and imbecile President" for suppressing the publication of those papers "under all the circumstances," still consider it necessary to appeal to the Democratic party to avenge the incarceration of the "innocent victims of deception" Great stress is laid upon the fact that Howard—a miserable tool employed to perpetrate the forgery—was a Republican, intimate with the leaders of the Union party, familiar with its workings, and a *member of Beecher's congregation!* The precise amount of weight that membership in Beecher's church would give to Howard a claim for loyalty is not apparent Every church member is not popularly accepted as a saint, and very many open sympathizers with treason will be found in our loyal congregations, sitting weekly beneath the dispensation of sound evangelical "abolition" sermons The white livered traitors of the North are seemingly harrowed in their very souls at such an instance of depravity as is presented in the case of Howard There has scarcely been one prominent rebel, from Calhoun to Pierce, from Pierce to Floyd, from Floyd to Davis, or from Davis to the devil who has not at one time been the repository of confidence, and claimed earnest religious convictions in harmony with the creed of some particular church One of the strongest reliances of the rebellion since its commencement has been in the loyal professions and secretly disloyal acts of persons employed in the Departments at Washington, through whose perfidy every species of aid and information has been given the rebel leaders in the nick of time And this is still done without our Administration having the power to check the act or detect the perpetrator

But the whole story has never been told Only that which was regarded as essential to arouse a morbid sympathy against the Union cause—the "outrage" part—is ever presented by these advocates of the licentiousness of the press It was a cunningly devised scheme to make capital for the *World* and *Journal of Commerce* newspapers in particular, and the copperhead party and rebel cause in general They knew their man Howard and they had long kept him for the consummation of some decisive work at the proper moment In their estimation, the moment had arrived Mr Lincoln was to be the Union standard bearer in the coming campaign, and they hoped by strategy to decrease his popular favor. It was pre arranged to make martyrs of these papers for the interests of the party, and Howard executed his commission just as any other instrument of treason would have done under the same guidance The copperheads would have gained no prestige as a result of this nicely laid trap, had any Union paper also been "victimized" But the shrewd creators of this sensation knew too well that President Lincoln would defend the country at the sacrifice of every newspaper in it if such sacrifice were required, without regard to antecedents If Howard continues true to the interests of his employers, making no confession to implicate them, they will doubtless escape further punishment, and perhaps make capital with those who only desire the occasion for denouncing the Administration of Mr Lincoln

THE SURVEYING PARTY—We understand that Col Barry's party are now in Washington county, prosecuting the survey of the rail road route through the Willamette Valley

The *Statesman* says that Messrs Cooper, Masters, and J H Moores have started out to locate the road from Salem to Quartzville, in the Santiam mines

On the 10th inst , Wash Smith was killed by a pistol shot fired from the hand of W E Scobell, at the mouth of Cuddy's Gulch, two miles from Boise

The Bellingham, W T , Bay Coal Company has declared its monthly dividend of $35 per share, payable at the office in San Francisco

A brother of the Bishop General Polk by rank a colonel has left the rebels and surrendered to the Federals

The Pennsylvania Reserves went into the field 15 000 strong in 1861, they return home 1,500 strong in 1864

INTERESTING TO STEAMBOAT MEN—Many of our steamboat men having desired information as to the requirements of the late law William Burnett Esq Supervising Inspector of Steamboats for the Pacific Coast District has kindly furnished for publication the annexed instructions upon the subject Coming from a member of United States Board of Steamboat Inspectors, the authority is complete, and hence the [illegible] in this District need have no hesitancy in acting upon the following instructions [illegible]

1 All passenger steamers (ferry boats excepted) must be inspected annually, as provided by act of Congress approved August 30th 1852

2 All ferry freight tug and canal boats propelled by steam must be inspected annually, as provided by act of Congress approved June 8th 1864

3 By act of June 8th 1864 [illegible] Inspectors is provided for the District of Oregon and pursuant thereto Capt John H Couch has been appointed Inspector of Hulls and John Gates Esq Inspector of Boilers for this District It also provides that all engineers and pilots of ferry freight tug and canal boats shall be licensed by the inspector in the same manner as engineers and pilots of passenger steamers

4 Persons desiring inspection of steamers must make immediate application [illegible] and immediately thereafter to the Local Inspector for this district without being called upon to do so by the inspectors in which application must be stated in what business the vessel is to be employed in what waters she is to navigate and signed by the master or owner of the vessel

5 Engineers and pilots—whether of passenger freight tug or canal boats must make immediate *personal* application to the Local Inspectors for licenses as required by law

6 Every steam vessel which shall hereafter be navigated upon the waters of this district without having made application for inspection, and otherwise complied with the requirements of law will be proceeded against as provided in such cases

7 Any engineer or pilot of steamers employed upon the waters of this district, who fails to procure a license or acts as such after the expiration of his license will hereafter be prosecuted for the recovery of the penalty incurred

8 Applications for inspection or communications for the Board may be delivered to either inspector or if sent by mail, be addressed to Capt John H Couch and John Gates, Esq, Steamboat Inspectors Portland Oregon

9 Application for license as engineer will be made in person to Mr Gates and as pilot to Capt Couch but either Inspector will have authority to *renew* any such license WM BURNETT
Superv g Inspector &c , First District
Portland, July 1864

NEW POST ROUTES—The new Post Road Bill which passed the House and most likely the Senate before the adjournment, contains a large number of new routes for the Pacific Coast The following new routes are ordered in Oregon

From Portland, via Taylor s Ferry and Chehalem Gap to Lafayette from Lafayette Yamhill county to Tillamook valley from Dalles City, Oregon via Canyon City and Independence to Boise City, Idaho

Several new routes in the Territories are as follows

From Boise City via Bannock City, Centreville Pioneer City and Placerville to Lewiston, Idaho from Placerville (Idaho) to Fayetteville from Boise City to Emeraldo in Alturas county; from Boise City (Idaho) via Owyhee to Humboldt in Nevada Territory from Denver (Colorado) along the Eastern base of the Rocky Mountains to Bannock from Fort Bridger (Utah) via Richville Soda Springs the upper crossing of Snake River and Virginia City to Hell Gate, in Idaho; from Fort Bridger (Utah) via Boise City Idaho and Grand Ronde Valley, Oregon, to Walla Walla, Washington Territory

HARD TIMES IN NEVADA—The Virginia *Union* has come to the conclusion that the times in the locality are very hard All branches of business are depressed, and even the largest mercantile houses, it says feel the pressure Fear is entertained that many small dealers will be obliged to yield to the severity of the times Many mechanics and laborers have been thrown out of employment, mills and mines have reduced the number of their hands, and few mines, except those of the first class, are being vigorously worked It is said this state of things has been brought about by wild speculation

INDIAN TREATY—Before adjourning a bill passed both Houses of Congress, appropriating $5,000 for the purpose of enabling the President to negotiate with the confederated tribes of Indians of middle Oregon for the relinquishment of their right to fish, hunt, gather roots and berries, and to pasture stock outside of their reservations The object of this treaty is to have the Indians more strictly confined to their reservations, in consequence of the demoralization which attends their leaving their own borders

THE GROWTH OF OREGON—The total vote polled at the late State election was 14 755 In the State election of 1862, the number of votes polled was 10,480, showing an increase of 4,275 In proportion to the voting population there were more votes polled two years ago than this year and it is safe to place the aggregate vote of Oregon at the Presidential election this fall at near 16,000 providing the copperheads work as hard as they did for their Congressman

NEWSPAPER REMOVAL—The *Golden Age* which completed its second volume last Saturday at Lewiston, I T , is this week to be removed and hereafter published at Boise City The *Age* of the 16th represents business at Lewiston as brisk, and the demand from the mines for stocks of goods as exceeding the constantly arriving supply The receipts of gold at that place are most cheering

On Thursday, W H Stewart, a colored man at the Dalles sold to the Express Company 104 ounces of dust which in the hurry of the moment was reckoned 1o4 The error was immediately detected, but Stewart had gone He was soon found, and promised to return the amount overpaid Failing to do so, he was arrested when he "came down with the surplus, and the suit was withdrawn

BOGUS GOLD DUST—The *Mountaineer* believes that there is a regularly organized gang of bogus gold dust manufacturers, who almost daily attempt to pass off the [illegible] of brass with a slight admixture of gold Acids are the safest test to expose the swindle

FIRE IN POLK COUNTY—The barn of Green B Smith, in Polk county was on Wednesday last destroyed by fire, together with a fine stallion a wagon, and many farming utensils It is thought to have been the work of an incendiary

A man named Buckley was shot, through an evident mistake by some man unknown in the Fashion Saloon Canyon City on Monday evening last Business is brisk in that section

A procession was then formed and marched to the foundation, when different articles were [illegible] deposited in the corner stone [illegible] A historical sketch of the University by Rev G Hines a certified copy of the charter by [illegible] certificate of scholarship by Rev A F Waller [illegible] and autograph S Ellsworth sentiment by Gov Gibbs copy of the *Daily Statesman* by C N Terry specimens of postal currency by [illegible] Rowly W R Gram; and [illegible] the Daily Oregonian of July 18th, and *Oregon Argus* of July 16th by Col Moores memorial by J Quinn Thornton in relation to [illegible] awarded to the discoverer of the Columbia river [illegible] July 16th by A F Waller photograph of Bishop James by Mrs Waller *Oregon Spectator*, May 1 [illegible] 1846 by Rev D Leslie catalogue for 1864 by [illegible] Santiam Gold and Silver Mining Company by A I Buckingham, fractional currency by George H Jones and J H Moores, portraits by D O S [illegible] and W C Whitson closing sentiment of Governor Gibbs address by C H Hall paper containing names of Rev Hines Lydia Hines and Julia H Brynut (now Mrs Terry) the first white person who settled on the Salem prairie and the name of Lucy A M Lee the first white person born in Salem —*Statesman, July 22d*

ROUTE FROM RED BLUFF TO BOISE—The Virginia *Union* publishes a letter from John Edgar who has traveled the road from Sacramento by way of Pitt river to the Boise mines. The writer speaks in very disparaging terms of the road and thinks that "few traveling to Idaho will be fooled by the Red Bluff pathfinder after this year"

The best route from California to Bannock and Boise mines—though not the shortest—is undoubtedly through the Willamette valley A straight line from Red Bluff to the mines leads across such extensive parched and barren deserts, and over so rugged and difficult mountains, that it can never be used as the main thoroughfare —*Statesman*

FROM THE MILITARY EXPEDITION—Geo Rundell guide to Capt Drake s command arrived at the Dalles yesterday having left camp on [illegible] 10th inst He reports the whole expedition—that is the commands of Drake and Curry—as [illegible] at Crooked River A portion of the command had been [illegible] the head of Bridge Creek where they [illegible] a band of Snakes believed to be a part of the gang that have been depredating on the Canyon City road The Indians retreated and were followed until it was ascertained that they were [illegible] for the Harney Lake country when the pursuit was given over The expedition will occupy the balance of the season in scouring the Snake country The haunts of the Indians are pretty well known now and Capts Drake and Curry hope by activity and zeal to make up for the mistakes and short comings that characterized the opening of the campaign —*Mountaineer*, June 23d

FIGHT WITH THE INDIANS AT OWYHEE—Our correspondent writing from Ruby City under date of July 11th gives the full particulars of an Indian fight which is in substance as follows At two o clock on the morning of July 9th a party of Indians made a raid on Jordan s Ranch and after killing one man drove off about 10 horses [illegible] the next morning 13 men under the leadership of [illegible] Jordan started on the Indian trail the next day they were reinforced by a party of eight men They afterwards came up with the Indians about 200 in a canyon Jordan immediately commenced the attack, and fighting bravely for some time, was shot through the heart by an Indian two other men were wounded and the party fell back for want of sufficient force —*Mountaineer*

BROWNLOW ON THE RICHMOND WHIG—In speaking of this journal the writer for the *Rebel Ventilator* says

Why the editor of the Richmond organ should be angry with Lincoln we are at a loss to know Lincoln s emancipation proclamation liberates half a dozen of that editor s children whose several mothers are American ladies of African descent Lincoln should be looked upon by that editor, and thousands of other Southern parents as a benefactor He is setting their mixed blood offspring at liberty—a thing that they could not do as they are slaves and many of their fathers—this Richmond editor among the rest—are not able to purchase their freedom

A NEW ARTICLE—We notice that A S McClure has received a large assortment of crockery from a kiln in Linn county This is a useful article and will be especially valuable to farmers at this time when they are putting up berries, fruit and sugar preserves —*State Journal*

There was one hundred and sixteen students in attendance at the Sisters' School in Salem during the last term

Coal has been discovered near Salt Lake City, and the article is selling at four dollars per ton

PROGRESS—It is reported that some parties are to put a steamer on Yaquina Bay

THE LADIES SANITARY FAIR—The receipts of the entertainment on Friday evening, were $200 00 in coin, the time was occupied in singing by an admirable choir under the direction of Mr J B Wyatt and the brief but interesting remarks by Hon A H Holbrook Rev G H Atkinson and Rev Dr Eckman took up so much of the very short evening that the managers of the society, deemed it expedient to postpone the sale of the rich and beautiful donations of fruit, cake and flowers until to morrow Tuesday evening, at 8 o clock when they will hold an other reception for the purpose of disposing of what they now have on hand and such additional gifts as may be handed in to morrow We hope there will be a good attendance and a liberal disposition manifested to aid the Society in its most commendable purposes We understand that the Treasurer, Mrs H Law paid to Mr H Holbrook on Saturday, the sum of $503 00 in currency and $197 00 in coin which was forwarded by the *Pacific* to Dr Bellows with $437 50 in coin, and $520 00 in currency contributed from other sources; in all $1,223 00 currency, and $934 50 in coin We are glad that Oregon and Washington Territory keep up their full tone of patriotic generosity Mr Holbrook stated in his remarks, on Friday evening, that he had received and sent to the Sanitary Commission over $52 000 00—truly a most creditable proof of the sympathy of those who on this distant coast thus practically show their interest in the welfare of the sick and suffering defenders of National integrity and life

SUNDAY AFTERNOON—Yesterday afternoon, our city presented rather a quiet appearance, with the exception of around and in the vicinity of the livery stables, where every available horse and buggy was engaged by our citizens who took advantage of the cool and pleasant state of the weather in seeking some pleasure resort by taking a drive on the Macadamized road (which is in splendid order) to the White House or Red House, where they no doubt partook of the many refreshments in which those places abound We have not heard of more than one accident which was caused by the coupling pin of a buggy becoming unloosed detaching the fore wheels and span of horses from the most convenient part of the vehicle, causing Professor Waterman the driver, and his friend to turn an involuntary summersault from their seats to the ground but without any injury to either of them, which was, no doubt the result of the "Professor s" great agility acquired in the Turn Verein Association

YACHTS—Quite a number of these crafts of the above character, with their single white sails nightly ply on the river in front of our city—containing no doubt the precious treasures of many a loving heart We are informed that on fine moon light nights, such as we are at present blessed with is the most opportune time for the yachting excursions of a loving swain for it is said Cupid glides along the sail and at very waters in his gondola as a convoy

PROSPECTING—A number of our citizens are at present out in the mountains prospecting for various auriferous quartz with which the unexplored mountain region of our young State abounds—Several of our acquaintances have gone after coal and copper—a very dark subject We hope they may be successful but if they were in search of *copper* heads their cravings might be satisfied without going so far from home We have a few of that kind among us

The Ladies' Sanitary Fair.—The receipts of the entertainment on Friday evening, were $200 00; the time was occupied in singing by an ad-hoc choir, under the direction of Mr. J. B. Keyth; and the brief but interesting remarks by Hon. A. Holbrook, Rev. G. H. Atkinson and Rev. Dr. Eckman, took up so much of the very short evening that the managers of the Society, deemed it expedient to postpone the sale of the rich and beautiful donations of fruit, cake and flowers until to-morrow, Tuesday evening, at 8 o'clock; when they will hold another reception for the purpose of disposing of what they now have on hand, and such additional gifts as may be handed in to-morrow. We hope there will be a good attendance and a liberal disposition manifested to aid the Society in its most commendable purposes. We understand that the Treasurer, Mrs. H. Law, paid to Mr. Holbrook, on Saturday, the sum of $503 00 in currency and $497 00 in coin, which was forwarded by the Pacific to Dr. Bellows, with $437 50 in coin, and $720 00 in currency, contributed from other sources; in all, $1,223 00 currency, and $934 50 in coin. We are glad that Oregon and Washington Territory keep up their full-toned, patriotic generosity. Mr. Holbrook stated in his remarks, on Friday evening, that he had received and sent to the Sanitary Commission over $52,000 00—truly a most creditable proof of the sympathy of those who on this distant coast, thus practically show their interest in the welfare of the sick and suffering defenders of National integrity and life.

We have not heard of more than one accident which was caused by the "coupling-pin" of a buggy becoming unloosed, detaching the fore-wheels and span of horses in the most convenient part of the vehicle, causing "Professor" Waterman, the driver, and his friend, to turn an involuntary summersault from their seats to the ground, but without any injury to either of them, which was, no doubt, the result of the "Professor's" great agility acquired in the Turn-Verein Association.

Shipment of Gold Dust.—The following shipment of gold dust was registered on the manifest of the steamer *Pacific*:

| R. Doyle | 3,000 00 |

| Total | $392,778 00 |

In addition to the above, we may safely assert that no less than $150,000 00 was in the hands of the passengers—making an aggregate of the nice sum of $442,778 00. This is one of the largest shipments of treasure that has been sent off this coast.

Gone East.—S. Ellsworth, Esq., of Eugene City, left, with his wife and eldest child, on the Pacific for a trip to the Atlantic States. Mr. Ellsworth is an old and respected resident of Oregon, and goes as the Representative of the Grand Lodge of Odd Fellows in this State to the National Grand Lodge. Mr. McLean, for some time acting as Assistant Provost Marshal General for Oregon, Washington and Idaho, has also left for the east, where he expects to recover his health, on account of which he was compelled to resign his office.

Yachts.—Quite a number of little crafts of the above character, with their single white sails, nightly ply on the river in front of our city—conveying no doubt the precious treasures of many a loving heart. We are informed that on fine moonlight nights, such as we are at present blessed with, is the most opportune time for the yachting excursions of a loving twain, for it is said Cupid glides along the still and silvery waters in his gondola as gently.

Prospecting.—A number of our citizens are at present out in the mountains, prospecting for various auriferous quartz, with which the unexplored mountain region of our young State abounds.—Several of our acquaintances have gone after coal and copper—a very *dark* subject. We hope they may be successful; but if they were in search of copper heads, their cravings might be satisfied without going so far from home. We have a few of that kind among us.

Exports.—The steamer *Pacific*, which sailed at 1 o'clock on Saturday evening, took as freight for San Francisco, 2,537 quarter-sacks flour, 131 sacks of wheat, 37 pkgs. butter, 52 sacks of Oats, 13 bales wool, 40 cases quartz-rock, and 5 cases of merchandise.

The Mining Code.—From A. Gensoul, of San Francisco, we have received a valuable pamphlet, entitled "Mining Laws of Spain and Mexico; and Statutes of California relating to Joint Stock Companies," compiled and translated by Ralph Emerson.

Graduates.—The names of those graduating at the late examination in Salem are: Regular course—S. C. Simpson, C. W. Parrish; scientific, J. P. Jones. Young ladies—Eliza Cross, Annie Robb, Pauline Whitson and Clara A. Watt.

Health, Time, and Money are economised by the use of a Grover & Baker Sewing Machine. They are unlimited in their capacity, and unexcelled in their excellence. **Mental Depression.**—It has often been remarked that no one can minister to a mind diseased; but a mind diseased is frequently only the consequence of a disordered digestion, and naturally finds relief when the process of nutrition is restored to a healthful state. The PERUVIAN SYRUP removes the morbid condition of the stomach, quickens the circulation, increases the insensible perspiration, and consequently relieves the mind from the causes of its depression.

**"A Slight Cold," Coughs.**—Few are aware of the importance of checking a Cough or "slight cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

Redington & Co., San Francisco, Agents for the Pacific Coast.

**Dr. Hostetter's Stomach Bitters.**—These Bitters are universally acknowledged to be a sure preventive and cure for Fever and Ague. Flatulence, Heaviness of the Stomach, or any other like affection. Their effect upon the system is most miraculous; they give a healthy tone to the system; relieve all morbid matter, and in fact thoroughly cleanse the system of all impurities. In no case has it been known to fail, but on the contrary, new virtues have been found in its use. To those afflicted with any of the above ills of the body, the "Bitters" are offered as a speedy and certain cure. Try them and form your own opinion.—Sold by all Druggists and dealers everywhere. je26d1m

**Periodical Headache**—so common in uncleared and marshy countries, Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague to its simplest forms.

Imitations are abroad! Be particular to enquire for *Dr. Osgood's India Cholagogue*. Sold everywhere.

The unanimity in the Department is proverbial. The only strife among the companies being, which shall be first at the fire and throw the first water. As their Chief I have to thank them for their prompt obedience to orders. They have never refused any request, even I have made. They are a credit to the city. Their motto is "Ever ready."

WILLAMETTE COMPANY, No. 1.—The engine used by this Company, belongs to a stock company and has been in service two years. I would recommend the purchase of it by the city at a reasonable price. And I would further recommend that all future purchases of engines hose carts or other materials for the Fire Department should be made by the Committee on Fire and Water.

MULTNOMAH COMPANY No. 2.—This Company needs nothing at present.

COLUMBIAN COMPANY No. 3.—A contract for a two story brick engine House for this Company has been entered into with Mr. L. M. Blunt, for the sum of $3,000, to be erected on the west part of lots No. 1 and 2, on block No. 19, to have front of 25 feet, and rear depth of 65 feet, and to be completed by the 15th of October 1864. # IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is of special interest in its influence as a remedial agent. Iodine is the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

**SCROFULOUS AFFECTIONS.**

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

*PURE IODINE IN PURE WATER.*

without a solvent. This considered impossible by the scientific world is attested by certificates of analysis from Dr. J. R. Chilton of this city and Prof. Booth U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1859, page 58.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

**AS A TONIC**

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color, hitherto pale, relaxed and feeble, he becomes full strong and florid.
